

Guided Reading

For the past few weeks we have been continuing reading the same book (Street Child) together as a class based in the 1860s. We have described and explained what has happened in each chapter in our books and used evidence from the text to prove it and we have predicted what will happen next in the story. We are on chapter 21/27 (Circus Boy) we have REALLY liked this book so far and by the end of this term we will have the accomplishment of completing Street Child.

We have watched a video about the charity Street Child who help children worldwide living in bad situations, some of the things they do include give them a home, a good education and feed them well. It started in 2008 and it's been proceeding from a low level to high. One of the most popular places they've helped is Sierra Leone, a big accomplishment they've made is helping over 1,000 children get healthier. Many children are thankful to the people who have made this happen and have made children's dreams come true. The children who have been here feel happier and are living a better life. Some children have been in the middle of wars or things worse and so a massive smile has been put on their faces yet again.

**Week: 11th -
15th March
2019**
