

Welcome to Year 3

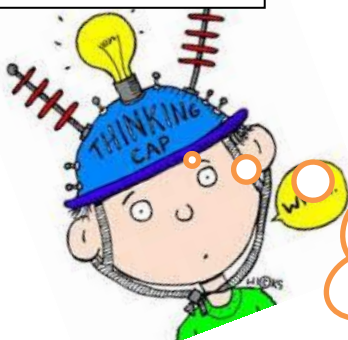

In maths this week we have been learning about pictograms and bar charts. When we were doing pictograms we had to collect as much data as we could. We did a human bar chart of our eye colour. We had lots of fun! We also did our favourite colour and hair colour.

**Week: 25th
February- 1st
March 2019**

**By Matthew,
Kiera, Hollie,
Louie, Ava
and Jayme**

In English we have been learning about different countries like Kenya in a non-chronological report. Non-chronological report means not in order. We also looked at our school information prospectus.

We wonder what exciting stuff next week will bring!
