## *BREAD IN D.T*

---

After our Rushall farm trip we have been looking at making and designing bread. In D.T we sketched a tiny loaf and slice of bread in our books and then copied it up in best on a piece of sketching paper. We had to use a lot detail to make it look realistic. This took a lot of time and concentration. Then painted them using water colour pallets.

After half term we will design real dough for the new royal baby Archie, the son of Prince Harry and Megan Markle. We will add toppings to our piece of bread.

We would like to ask if any adult parents would like to help us.
